

HIGH SCHOOL SUMMER INTERNSHIP PROGRAM

Empowering Future Tech Leaders
through Industry Partnership

2025 Program Prospectus

High School Summer Internship Program

We are excited to have you join our **High School Summer Internship Program**. Your participation plays a crucial role in developing future professionals through valuable real-world experiences.

Our High School Internship Program offers students leadership development and hands-on experience, connecting emerging talent with companies committed to workforce growth. Focused on technology, this program fosters career pathways and prepares students for future success.

Why Underwrite the Program?

- **Develop Future Leaders:** Provide real-world experience and mentorship to high school students.
- **Promote Workforce Access:** Open career pathways for students from different.
- **Gain Valuable Connections:** Build relationships with emerging talent.
- **Achieve Community Impact Recognition:** Highlight your company's commitment to social impact.

This is your opportunity to **mentor emerging tech professionals** and **help bridge the gap between education and industry**. Join us in **creating a meaningful and transformative experience** for both your organization and our interns!

PROGRAM OVERVIEW

Created to give high-achieving high school students real-world STEM/STEAM experience at companies in Georgia

Interns must be high school juniors or seniors that are at least 17 years old

Provides students with valuable exposure to career opportunities, helping them make informed decisions about career and educational pathways

Participating companies have the opportunity to build relationships with students and help impact Georgia's future technology workforce

Internship opportunities are available in-person, remotely, or in a hybrid format

Students must complete a total of 200 hours over an 8 week internship
